Materials and processing, brought together.

Royal Building Materials Tr. Co. L.L.C. supplies sheet materials, decorative finishes and furniture-making essentials in the UAE. From material selection to cutting and finishing, we help customers turn project requirements into practical components.

WHO WE SUPPORT

Carpenters & joinery teams

Boards, finishes and matching edges for cabinetry and furniture projects.

Interior fitters & contractors

Decorative surfaces, panels and custom processing for interior spaces.

Sign makers & display specialists

Acrylic sheets, laser-cut details and slotwall solutions for displays and signage.

Choose the material. Define the detail.

Share a shade, drawing, cutting list or dimensions with Royal. Our team confirms the available specification, processing requirements and quotation before your order is placed.

A finish for every idea.

Plain and decorative MDF for cabinetry, furniture, wall features and interior details. Explore the finish, thickness and processing options that suit your project.

THE MDF RANGE

Plain & White

Plain MDF and white-finished board options.

Core & UV

Colour and woodgrain choices, including UV finishes.

Texture Embossed

Surface texture and visual depth.

Premium & Elite

Distinctive decorative finishes.

Marble & Veneer

Stone-inspired looks and wood finishes.

Stain & Fabric

Separate finish collections to explore.

Specialist MDF options

MR MDF - moisture-resistant board options, in plain and white finishes.
FR MDF - fire-retardant plain MDF options.
Discuss the intended application, thickness and required specification with Royal.

Send the collection or shade code, thickness and quantity for a quotation. Confirm the physical sample and specification before ordering.

Complete the material palette.

Materials and finishing details for practical, coordinated interiors.

Acrylic sheets

Clear, white, black and frosted, plus gold and silver mirror finishes for signage, displays and decorative work.

Fluted wall panels

Decorative profiles for feature walls and interior accents. Ask for the panel shade, dimensions and thickness.

Matching Edge Bandings

Matching lipping for neat panel edges and a coordinated finish across cabinets and furniture.

Furniture Hardware

Hinges, drawer runners, handles and fittings to complete furniture and joinery projects.

Exact shades, sizes and thicknesses are confirmed against your enquiry and current stock.

From sheet to finished detail.

Bring your measurements, cutting list or drawing. We will discuss the material and processing your project needs.

Cut to size

Panel cutting to your specified dimensions and quantities.

CNC cutting

Profiles, decorative patterns and custom components.

Laser cutting

Acrylic shapes, lettering and detailed decorative designs.

Edge banding

Matching lipping applied to the required panel edges.

Grooves

Routed grooves to suit your panel layout and design.

Slotwall

Slotted MDF panels for adaptable retail display systems.

SEND YOUR CUTTING LIST

Let's build your next possibility.
